PROPHECY

The class of '55 are here at the Hanging Gardens for their first reunion exactly twenty five years from their parting night, at the door you see Professor William Anderson, and the rest of the '55 faculty members, Mrs. Johnson, Miss Armstrong and Mr. Engler to meet the guests.

Max Allen is the first guest to arrive, we find he took Mr. Englers advice on large scale farming, as he now is the owner of South Dakota. He always said there's nothing like having the world in your hands.

Annette Anderson we find has made more than one success in her nursing career, as she is now happily married to a very nice looking interne. We here her telling Miss Armstrong that she realizes now that blood runs through the veins.

Pat Hughes is driving up in a very flashy Cadillac convertible, as he is now the owner of the Cadillac Manufacturing Company in Oneida. He reports business is very good.

Edith Pendland has now finished her secretarial schooling and is now employed at the Atomic Jet Base in Kalmazoo, where her husband is stationed. He is now boss of the jet expeditions.

Jerome Allen we see predictions on being a professional bum slightly has failed, as he is now the owner of the Union Pacific Railway.

Roselita Lierz is the last guest to appear but she is in time for the Shrimp Supper. Roselita we see has failed in being an old maid, as she is now married to the worlds greatest lawyer. But she has established a very beautiful home called the House of Old Maids in her city.

Now, that leaves only Mrs. Johnson, Miss Armstrong, Mr. Engler and Mr. Anderson, contemplating that its, "just like school was a few seconds after last bell, twenty five years ago." After making plans to meet in the state gymnasium, erected in Oneida, only last year, the teachers also take leave.

Now you know what has become of the Seniors of '54 and '55 so Goodbye and Loads of Good Luck.
